Hi Mary – Attached are the EPA Post-Construction Fact Sheets I mentioned in today's call. They are being updated so hopefully new ones will be coming out shortly.

Thanks for sharing with the group!

Hi Amy,

See attached. Rachel is actively updating the fact sheets so we may have new ones soon(ish).

Quick question, could you send me some Fact Sheets (since the website says they are being updated) on Post-Construction? Specifically, the fact sheets for:

- BMP Inspection and Maintenance
- Ordinances for Post-construction Runoff

BMP Fact Sheets

EPA is updating the following fact sheets. You can request a copy or recommend any changes by filling out and submitting the form at the bottom of the [BPDPS Contact Us](#) webpage.

The fact sheets describe the BMPs and generally provide applicability, implementation, and effectiveness information to help municipal stormwater and construction site operators comply with the stormwater Phase II requirements.

Municipal Program Elements

- BMP Inspection and Maintenance
- Ordinances for Post-construction Runoff
- Post-construction Plan Review
- Zoning

Thanks!
